

# **Greenwich West Children's Centres update November 2020**

**All our Children's Centres remain open or and the rest are re-opening this month!**

**Whilst this is fantastic news, we are very mindful that we must keep you and your family safe.**

**We have had to change how we run our Centres; we have changed the room layout so we are 2 meters apart, hand sanitisers are available and masks must be worn when entering the building.**

**We have also limited the number of families who can attend the sessions and ask you to book on to a group via our Eventbrite page.**

**Current government guidelines tell us we can only run groups for babies and so our timetable reflects this.**

**Quaggy, Sherington and Pound Park Children's Centres have been running sessions since October. It has been heart-warming for the team to see a baby's reactions to seeing other babies with such awe, wonder and joy! Robert Owen and Rachel McMillan Children's Centres will be opening this month.**

**Please check out our website for our autumn timetable to see what is on and the link to our Eventbrite page.**
